

Family Wellness – the launch pad for an unforgettable vacation

Feeling good and enjoying life to its fullest – a dream that knows no age. With programmes for big and small that are both exciting and relaxing, the Karnerhof demonstrates its true sense of family.

On the shore of the Faaker See, in the midst of meadows and gardens, views of the mountains and the Karnerhof's "Family Wellness Package" – these are your foundations for a new style of family vacation.

While the parents are unwinding in the spacious spa or on our private beach, things really get going for the kids: perhaps playing Indians, listening to scary stories around the campfire, paddling about in the lake-water pool, or even taking part in the Kids' Olympics. And it is never too early to get your first taste of the same kinds of pampering that mom and dad enjoy. Which is why we give the youngsters a unique opportunity to experience some yoga, massages and even the sauna – special experiences designed purely with them in mind. Similarly, our exquisite cuisine (awarded "2 Chef's Hats" by Gault Millau) is not reserved solely for the grown-ups – sitting at the kids' table, your children will become quite the gourmets before you know it.

Variety and adventure also await the older kids ages 12 and up. In addition to Aerobic Power, fun beach parties, the teen spa plus fashion & styling days, our certified recreation guide, Walter Mamedof, accompanies our young adventurers out into the mountain world of Carinthia. After having clambered through dark caves, tackled the waters in a canoe or a rubber raft and spent the night at the Berta Hütte at the foot of the Mittagskogel, they will undoubtedly have countless tales to tell once they return home.

And even in the evening, the supervised fun for kids continues until 9pm. Which gives the parents some extra time to enjoy a romantic stroll and quietly wind down the day over a cocktail, before the little ones, and later the grown-ups, drop blissfully into the snug beds of their family apartment. Sleeping separately, waking up together, guaranteeing relaxation for the whole family and providing the energy you need for the next memorable day you are about to spend at the Karnerhof – between the Mittagskogel and the Faaker See.
